

Notice of transfer and Environment Agency initiated variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

Bristol Waste Company Limited

Avonmouth Transfer Facility
Kingsweston Lane
Avonmouth
Bristol
BS11 0YS

Transfer application number

EPR/EB3702MF/T001

Permit number

EPR/EB3702MF

Avonmouth Transfer Facility

Permit number EPR/EB3702MF

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the transfer of an environmental permit to a new operator (the transferee) and notice of an Environment Agency initiated variation of the environmental permit carried out at the time of transfer.

The Notice is to transfer the permit in full from Bristol City Council to Bristol Waste Company Limited.

Any changes made as a result of the transfer are set out in the schedules.

This permit authorises the storage of combustible waste and so we have varied it to include a standard condition that requires operators to take all appropriate measures to prevent fires on site and minimise the risk of pollution from them and, if required by us, to submit for approval a fire prevention plan that once approved must be implemented.

The changes made to the original permit as a result of the Environment Agency initiated variation are set out in schedule 3.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Waste Disposal Licence L/BL/P/283 Issued	13/08/93	Issued to Director of Highways, Transport & Engineering, County of Avon

Name	Date
Simon Grantham	01/01/2017

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None.

Schedule 2 – conditions to be amended

None.

Schedule 3 – conditions to be added

The following conditions are added following an Environment Agency initiated variation.

44 Fire prevention

- 44.1 The operator shall take all appropriate measures to prevent fires on site and minimise the risk of pollution from them including, but not limited to, those specified in any approved fire prevention plan.
- 44.2 The operator shall:
- (a) if notified by the Environment Agency that the activities are giving rise to a risk of fire, submit to the Environment Agency for approval within the period specified, a fire prevention plan which prevents fires and minimises the risk of pollution from fires;
 - (b) implement the fire prevention plan, from the date of approval, unless otherwise agreed in writing by the Environment Agency.
