- Reliable service
- Trusted long-term partnership

Mandy Collier-King
Acting Head Teacher

"The cleaners from Bristol Waste are amazing, they're just brilliant. I've taught in a lot of schools and I've never had such a clean school."

Challenges

Ilminster Avenue Nursery School provides early education services to children, including support for children with special needs.

With over 200 children attending across 6 classrooms, 3 art rooms and a large central hall, cleanliness is essential to the smooth running of the school.

The spaces require daily cleaning to support the wellbeing and safety of everyone, as well as upholding the school's high standards and Ofsted rating.

Solution

Bristol Waste provides comprehensive cleaning services across the entire premises. The high standard of cleanliness ensures that the children learn in a hygienic and safe environment.

Results

The cleaning team's reliability ensures the school always remains spotless, even when regular staff members are unavailable.

The longstanding relationship between the school and Bristol Waste's cleaning staff has fostered a deep sense of trust and community.

This continuity and commitment contributes to the school's successful operations and overall environment.
