

Recycling: get it sorted

Make the most of your
waste and recycling
service

Bristol Waste is a Bristol City Council Company

BRISTOL
waste

Reduce, reuse and recycle to keep Bristol clean and green.

Don't be rubbish at recycling, check what goes in each of your containers before bin day.

Take items not accepted via our kerbside service to your local Household Reuse and Recycling Centre.

Please place **batteries and small electricals** in clear, untied bags

Let's recycle more!

More than half of the average bin in Bristol could have been recycled if the items had been put in the right containers.

Recycling guide inside

Why is recycling important?

Number 1 core English city for recycling **8 years** running

6 recycled tea bags generate enough energy to boil a kettle

Glass can be **recycled endlessly!**

It takes **95% less energy** to make a can using recycled aluminium

The average household spends **£1,000 a year** on food that goes straight in the bin.

1 banana skin generates enough energy to charge 2 mobile phones!

1,000,000 recycling collections each month

Less than 2% of Bristol's waste sent to landfill last year

Recycling, let's get it sorted!

Black box

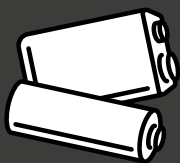

Glass bottles
Rinsed, no lids

Glass jars
Rinsed, no lids

Place items below in separate, untied bags

Batteries

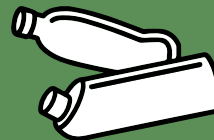

Small electricals
such as toasters, phones
and controllers

Batteries and small electricals must be clearly separate. This allows our crews to put them safely in the truck, reducing the risk of fires.

Green box

Cans
Rinsed and squashed

Plastic bottles
Rinsed and squashed

Lids and caps
Jar lids, shampoo tops,
etc.

Plastic packaging
Rinsed food trays.
No black plastic

Aerosols
Empty. Lids off

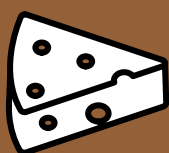

Foil
Rinsed and squashed

Brown food bin

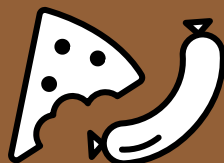

(All cooked and uncooked food)
